

CLASS DESCRIPTIONS

Ai Chi—This class is a simple water exercise and relaxation program performed using a combination of deep breathing and slow, broad movements of the arms, legs and torso in flowing continual patterns. The Tai Chi like movements of Ai Chi are done with a profound inwardly-directed focus. Practicing Ai Chi relieves stress and is great for flexibility. It can help with conditions such as back pain, arthritis. There is benefit for people with heart disease, diabetes and hypertension. Come try it out!

Fluid Motion (AQUA 1)—These classes are for participants of any fitness level, it is designed to improve strength, endurance, flexibility, balance, core strengthening, daily function and joint range of motion, as well as to decrease pain. Participants do not have to be able to swim to participate in the class. Flotation equipment will be provided. An excellent class for older adults, post therapy and beginners. This class will be adapted for participants to work in either deep or shallow water.

Aquacise (AQUA 2)—This class consists of cardiovascular fitness, muscle tone, endurance and flexibility without the stress of a traditional land exercise. Deep and shallow-water movement focusing on conditioning, strength, endurance, core and stretch components. Aquatic equipment is used to improve strength, balance and coordination. You'll enjoy increased flexibility and range of motion and obtain a total body workout. Participants are encouraged to work within their own range of motion and abilities. .

Aqua Fit (AQUA 3/4)—This program uses the buoyant qualities of water to enhance physical fitness through exercises. It is a medium-impact water class designed to provide cardiovascular conditioning, improved muscle tone, core strength and improved balance. It is a total body workout without the stress of land-based exercise. We will incorporate aquatic equipment to improve strength, balance, and coordination. Flotation equipment available for non-swimmers.

Aqua Burn - Music (AQUA 3/4)—This program uses the buoyant qualities of water to enhance physical fitness through exercises. It is a high impact, high intensity water class designed to provide cardiovascular conditioning, improved muscle tone, core strength and improved balance. It is a total body workout without the stress of land-based exercise. We will incorporate aquatic equipment to improve strength, balance, and coordination. Flotation equipment available for non-swimmers.

Aqua Fit Core (AQUA 4)—Aqua Fit Core is a medium-to-high intensity water class designed to provide cardiovascular conditioning, improved muscle tone and improve balance all with a focus on core strength. It is a total body workout without the stress of land-based exercise. We will incorporate aquatic equipment to improve strength, balance, coordination and core strength. Flotation equipment available for non-swimmers.
